Dear Friends, during these years your generosity has allowed our furry friends to live a life with dignity, while introducing you to the experience of the dedication that we all put into caring for these helpless animals. It is in your daily concrete actions that you have always been discrete and faithful to us. It is with the same concreteness that we would like to highlight a big necessity that we have: as you may be aware we have received a visit from the Health Ministry. They made a report stating that there are some structural things that need to be fixed. We need to substitute the wooden dog houses with insulated dog houses, change the fences that are deteriorated and substitute and build roofs where missing or damaged.

Cost of the welded fences: 7x5 , height 2 meters: euro 118,00 for each roll x 25 = € 2,950,00

Costs of the roofs square meters 600x13,20 = € 7,920,00

Insulated dog houses: each of them cost € 220,00, 66 have been donated, we are still in need of 70 = € 15,400,00

All of the above costs do not include manpower costs.

We are aware of the effort that we are asking, we are asking for help in order to face this expenses, of course according to each individual means

On top of this, how to help us:

We need your help in order for our dogs to be better cared for. We are in need of help to be able to pay for veterinarian expenses, the purchase of medicines, build the roofs, as you will read below , any help from you will be very appreciated.
